Technology.

It's the cornerstone of your business. In today's fast-paced, global environment it's more important than ever to maximize efficiency and increase productivity. Delta Data Systems is poised to provide the solutions you need to thrive in a competitive market.

A comprehensive technology solutions provider centrally located in Nashville, TN, DDS offers the services you need with the quality service and convenience you deserve.

At Delta Data Systems maintaining your company's peak performance is more than just a business—it's a personal commitment.

We understand that like the people who run them, no two organizations are exactly alike. Our services are tailored to meet your needs. We provide professionals throughout the country with products and services designed to enhance revenue, manage costs and improve quality and customer service.

Whether you are looking for full-service contract maintenance or advice on your next purchase, make Delta Data Systems your choice for technology and productivity solutions.
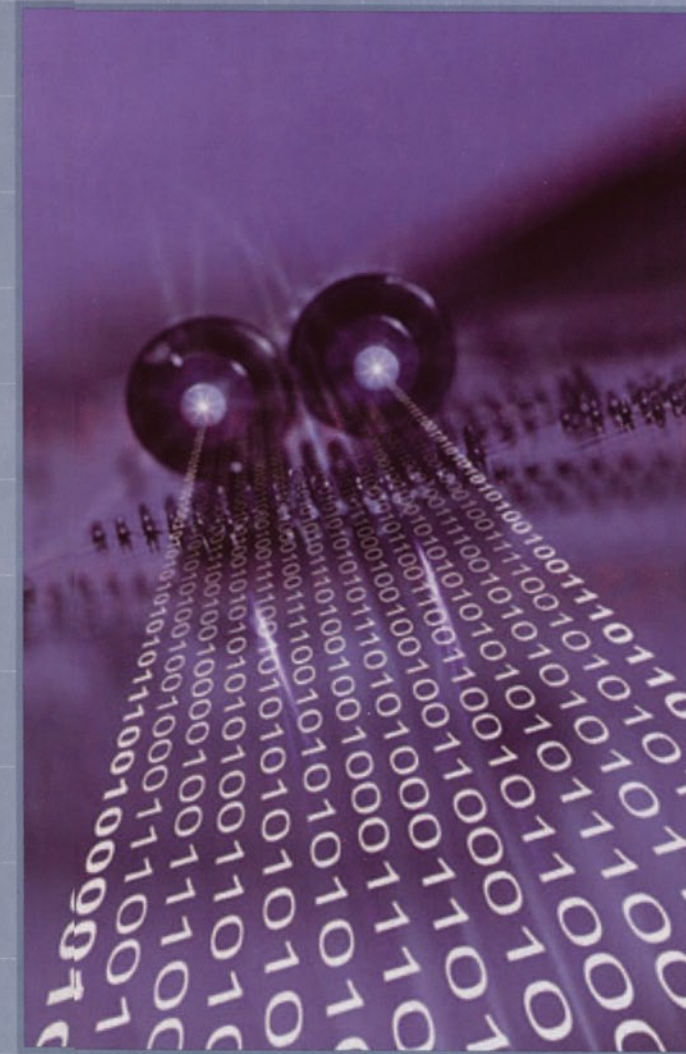

We sell, service and maintain:

Servers:	Intel Based SCO-UNIX and Linux; Motorola Systems (AIX)
Terminals:	Wyse, Link, Televideo & others
Printers:	Okidata, DataSouth, Epson, Hewlett Packard & others.

Our Team

Delta Data Systems is committed to providing your organization quality service. Randall Wallace, CEO began his career in computer sales and service in 1967, founding DDS in 1986. Together, the members of our team have a combined average of nearly 30 years of experience.
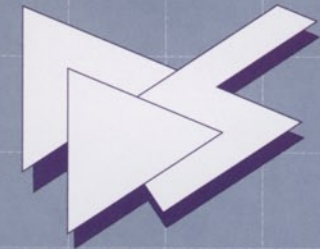

We have the expertise to help you maintain your current equipment and to provide you with alternatives for upgrade or replacement when it becomes necessary. Our knowledgeable technicians work hand-in-hand with your company to ensure that your system meets your goals efficiently and effectively today and in the years to come.

To learn more, Call DDS today! You'll be glad you did.

Our Clients

Delta Data puts your technology needs first. Our customer list covers a broad spectrum of businesses and industries. Yet, each company we work with shares a similar philosophy—a commitment to quality.

We provide technology solutions for:
- Publishers
- Accountants
- Attorneys
- Medical Providers
- Retail shops
- Manufacturers
- Truck Lines
- Government
- Utilities
- Financial Institutions
- Insurance Agencies
- Collection Agencies
- Credit Bureaus

Contract Maintenance

Regularly scheduled maintenance is the best way to keep your system running smoothly and avoid down time. Let the professional team at DDS do the work for you. We will provide the labor and parts to ensure your operation remains error free.

For your convenience, we have representatives and partner service companies located throughout the United States. Call today for your free customized contract maintenance estimate.

Experiencing Technical Difficulties?

Unfortunately, operating problems do arise. That's why DDS offers a complete depot repair facility.

Our team of experienced technicians is readily available to diagnose your problems and make any necessary repairs. Need your repairs in a hurry? No problem.

DDS offers its clients competitive rates and timely turnaround. In fact, rush jobs are often handled on the same day they are received. Advance replacements are also available on many products.

Imaging Solutions

DDS can provide your company with secure, easily accessible data files. Document Imaging Solutions by DDS enables you to :
- Manage documents easily
- Find documents quickly
- Share documents
- Secure data
- Decrease storage space

The process is simple. Documents are scanned once; stored on large capacity devices and made accessible throughout your network. Our built-in data security ensures that your company's data remains confidential and complies with Federal HIPAA requirements.

To learn more about how our imaging solutions can maximize your efficiency, contact Brody Wallace at (615) 662-6456.
